APRIL 2010 VOL.25 NO.2 \$5.95

Since its purchase by Kimberly Swan in April 2009, **THE DANFORTH** in Portland's West End has undergone a total redesign that tastefully and respectfully juxtaposes a young, hip, and modern edge with the inn's traditional architecture. The result: The Danforth is a stunner, from the cupola with its views of Portland Harbor to the art-filled public rooms and ten individually decorated guest rooms, most of which include a working fireplace.

Scott Reeves (*The Young and the Restless*) and singer Aaron Benward were fresh from their final gig as the popular country duo Blue County when, according to Swan, "They stopped at the Danforth for some R&R and to enjoy Portland. We'd totally redone the billiards room, and they hung out, drinking great wine and playing pool. After that, they headed off in different directions—with Scott going back to television to play Dr. Steven Lars Webber on *General Hospital*."

Reservations: 800-991-6557, danforthmaine.com. Typical room rates: \$155-\$295 per night, including a full breakfast and complimentary afternoon small bites.
